Amount exceeds \$20,475,969

Dear Elaine Florence:

October 17, 2016 you requested a pre-award EEO clearance from the Midwest Regional Office of Federal Contract Compliance Programs (OFCCP) for the above referenced contractor(s). This is to advise you that the above contractor is a military contractor and due to national security issues and time constraints is therefore approved under U.S. Department of Labor regulation 41 CFR 60-1.20(d).

(signed by)  
Sal G. Guerrero Jr.  
Director of Regional Operations  
OFCCP, Midwest Region

NOTE: The OFCCP National Pre-Award Registry, which is found on the Internet at <http://www.dol-esa.gov/preaward/pa.reg.html>, provides information on Federal contractors which have been reviewed by OFCCP within the past two years. If the specific contractor establishment for which you are requesting an EEO clearance is listed on the Registry, you are not required to request pre-award clearance from OFCCP and may proceed with the award of the contract. If, however, the contractor is not listed in the Registry, regular pre-award request procedures must be followed.
